human health care

Eisai, a *human health care* Company

At Eisai, our *human health care (hhc)* mission to give first thoughts to patients and their families and to increasing the benefits that health care provides is the driving force behind all that we do.

Our concern for people, our dedication to excellence and our contributions to society are hallmarks of our company. We recognize that patients and their families are the key players in health care and we strive to consider their perspectives. This commitment to patient care is what drives our efforts to bring therapies that help address unmet medical needs to patients around the world.

Eisai: A Global Company
